

COOKIE POLICY

Cookies means IT data, including text files, which are stored on the browser or hard drive of your computer or mobile device when you visit a webpage or app enabling using of webpage. These files allow recognize the user's device and properly display the website adapted to user's individual preferences. Cookies usually contain the name of webpage they come from, the time they are stored on the device and a unique number.

"Cookies" are used to adjust the content of the website to your preferences and to optimize the use of websites. They are also used to create anonymous, aggregated statistics that help to understand how the user uses websites, which allows improving their structure and content, excluding personal identification of the user. There are, usually two types of "cookie" files - "session cookies" and "persistent cookies". The first of them are temporary files that exist only in temporary memory of the user's device until logging out of the website or turning off the software (web browser). "Persistent cookies" files exist on the user's device for the time specified in the parameters of "cookies" or until they are manually removed by the user.

According to art. 173 par. 1 point 2 and art. 173 par. 2 of the Telecommunications Law, if you do not accept cookies to be saved in the memory of your computer or devices, modify the settings of your web browser. If User sets the configuration that permits webpage access to cookies the User is agreeing to abovementioned rules.
